## NICK RYE

Nick comes from a long line of military pilots, and his decision not to enlist created a deep rift between him and his father. Instead, Nick took up the family legacy in a different way, waging war against farm pests as a crop-duster pilot and trying to start a family with his wife, Kim.

Lately, though, Eden's Gate has been making his life difficult through its aggressive attempts to buy his crop-dusting business, and as the situation in Hope County heats up, it seems war has finally come to Nick's doorstep.

And this time, he's answering the call.
